Why Are We Here?

To Tell a Story

To Catalyze a Community

To Have Some Fun!

A Story

OpenPOWER is an **open** and **collaborative** community

A Story

... the architecture lends itself to optimization,
(John Ashley)

A Story

... it's easy to port to, (Nina Wilner)

A Story

... you can run your workloads on it now,
(Loc Thai)

A Story

... we have working examples of ISV's that have already made the move with success, (Jeff Leeds, Emily Friedberg)

A Story

... even the "darling" Docker is more awesome on OpenPOWER, (Seelam Seetharami)

A Story

... and finally, even with all this, you'll have to go to market,

... so go to market!

(Bret Hawkins)
