FROM COMMUNITY TO ENTERPRISE

WE ARE BUILDING MODERN I.T. SOLUTIONS

INFRASTRUCTURE FOR POWER ECOSYSTEM

STANDARDS-BASED, OPEN SOURCE SOLUTIONS

**RED HAT
ENTERPRISE
LINUX**

Operating system
(OS) foundation for
infrastructure and
apps

**RED HAT
VIRTUALIZATION**

Flexible
virtualization built
on Linux

**RED HAT
OPENSTACK
PLATFORM**

Datacenter
software for
building private
cloud

**RED HAT
OPENSIFT**

Container platform
for developing,
hosting cloud-native
applications

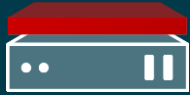

**RED HAT
CEPH
STORAGE**

Scale-out,
software-defined
storage spanning
the hybrid cloud

RED HAT DELIVERS OPEN SOURCE INNOVATION

OUR PRODUCT PORTFOLIO HAS BROAD INDUSTRY IMPACT

GitHub has **80,000,000** repos.

No one company could deliver all those projects as products.

We focus on **platform technology** our customers and partners need.

And make improvements to build better solutions.

TOGETHER
